SPS POWER SUPPLY OPERATING INSTRUCTIONS HELIOS AND OMEGA MODELS

PLEASE follow these simple steps before switching on your Sontronics HELIOS or OMEGA power supply

Step 1: The microphone, cable and SPS power supply

Step 2: Connect the supplied audio cable to the MIC IN socket on the front of the SPS power supply and secure the threaded collar

Step 3: The cable is now securely attached

Step 4: Connect the other end of the supplied audio cable to the microphone and secure the threaded collar

Step 5: The cable is securely attached

Step 6: Connect the female XLR plug to the LINE OUT socket on the front of the SPS power supply

Step 7: Connect the supplied IEC mains power cable to the socket on the rear of the SPS power supply

Step 8: Press the red POWER switch on the rear of the SPS power supply. A glowing red LED confirms that power is on

CAUTION

Before use: Connect leads to LINE OUT and MIC IN sockets before turning on POWER switch.
After use: Turn off POWER switch before disconnecting leads.
